News and Updates

Informal Exploratory Talks for Association to Horizon Europe

Following the political agreement on the text of the Horizon Europe (HEU) regulation reached by the EU co-legislators on 11 December 2020, informal exploratory talks have been initiated by the DG R&I unit responsible for the Horizon Europe associations with third countries who have formally expressed an interest in becoming associated to the Horizon Europe Framework Programme.

On 27 January 2021 such discussions took place with Israel. Other meetings have also been scheduled and the exploratory talks will be held with all third countries in due course.

The participation of Israeli entities, as associated country members, in Horizon Europe projects, is subject to the signing of the 'Association Agreement' to the programme between Israel and the EU, before the first project's Grant Agreement (GA) is signed.

Open Calls Leaflets

Horizon Europe (HEU) will be published soon. Early preparation is key to increasing your chances of submitting a successful proposal. We have prepared new leaflets to summarize the different CFP. The leaflets are based on the latest drafts and will be updated on ISERD website:

- Cluster 1 – [Health](#)
- Cluster 5 - Climate, Energy and Mobility

Climate:

- [Destination 1: Climate sciences responses](#)
- [Destination 2: Cross-sectoral solutions for the climate transition](#)

Energy:

- [Destination 3: Sustainable, secure and competitive energy supply](#)
- [Destination 4: Efficient, sustainable and inclusive energy use](#)

Mobility:

- [Destination 5: Clean and competitive solutions for all transport modes](#)
- [Destination 6: Safe, Resilient Transport and Smart Mobility services](#)

- Cluster 6 - Food, Bioeconomy, Natural Resources, Agriculture and Environment

- [Destination 1: Biodiversity](#)
- [Destination 2: Food](#)
- [Destinations 3, 4, 5: Circular economy, Environment, Climate action](#)
- [Destinations 6,7: Resilient, inclusive, healthy and green rural, coastal and urban communities; Innovative governance, environmental observations and digital solutions in support of the Green Deal](#)

- Cluster 2 - [Culture, Creativity and Inclusive Society](#)
- [Widening and ERA](#)

EIT and EIC Collaboration

A Memorandum of Understanding has been signed between the European Innovation Council (EIC) and the European Institute of Innovation and Technology (EIT). This collaboration will provide support to EU entrepreneurs, SMEs & start-ups, higher education institutions and researchers, in order to deploy their innovations faster.

Apply as an Evaluator to CHIST-ERA

Within CHIST-ERA, fundamental principles of good research practice and peer-review are essential for research integrity. Therefore it is looking for international scientific experts to apply as evaluator for the Call 2020. Note: Evaluation panel members cannot be part of a proposal submitted to the call topic of the panel.

Open Calls

CHIST-ERA Open Call 2020 Pre-Announce

CHIST-ERA Call 2020 is now open for submission. The call targets research in the following topics:

- Advanced Brain-Computer Interfaces for Novel Interactions (BCI)
- Towards Sustainable ICT (S-ICT)

The call requires that projects are submitted by international consortia with eligible and independent partners in at least three participating countries. To help researchers finding partners, a [Partner Search Tool](#) is provided in order to submit expressions of interest by filling-in a web form.

Deadline for proposal submission: 1.3.2021 at 17:00 CET.

Save-the-Date! EuroNanoForum 2021

Save the Date to the major European Conference on Nanotechnology and be part of the EuroNanoForum 2021, May 5-6.

The EuroNanoForum 2021 will be addressing the role of nano-enabled industries in the drive towards a green and resilient Europe. Advanced materials will be fundamental for the transition to greener technologies, and a more sustainable future, making a significant contribution to the ambitious goals set by the European Green Deal.
