1) PROJECT INFORMATION

Field of expertise related to the topic:

Potential contribution to the project:

CEEIM works every day in the support, encouragement and promotion of entrepreneurship. We've got a specific department to foster entrepreneurship and STEAM competences among young people and work closely with schools and the Regional Government. In this sense we organize different events and activities such as BeSteamer, an event that every years aims to foster STEAM vocations among young girls.

We are also working on the implementation of RRI principles in regional policies as we are partners of CHERRIES, a project approved on the last call of topic SWAFS 14.

Promoting entrepreneurship in early ages. By means of different projects, CEEIM is in continuous collaboration with other institutions, encouraging entrepreneurship.

Role in the project:

Short profile of the Organisation:

CEEIM, the Business Innovation Centre of Murcia (South East of Spain), is working every day in the support, encouragement and promotion of entrepreneurship, especially on high technology fields, innovation and creativity. CEEIM is accustomed to create and implement new and innovative methodologies in the field of business creation, support and consolidation, specifically meeting startup needs.

CEEIM position makes possible the interaction with stakeholders, what means positive and active influence in action plans and policies developments and is part of different national networks:

Regional Incubators Network (<http://www.viverodeempresas.es>) , ANCES (<http://www.ances.com/>), Punto PIDI from the Economy Ministry (<http://www.cdti.es/index.asp?MP=8&MS=129&MN=2>) and European ones like EBN (www.ebn.eu), so there are a lot of channels to take advantage of. In summary, CEEIM's main mission has been, and continues to be, to promote and develop the necessary economic, social and innovative activities, in order to stimulate business and to detect and encourage new business initiatives and entrepreneurs, as well as to consolidate and modernize the existing ones, paying special attention to the innovative ones and those resulting from research and scientific activities.
