1) PROJECT INFORMATION

Field of expertise related to the topic: Offering expertise in networking activities in the Med, including an award-winning platform to connect researchers from across the Mediterranean region. MCST being a government entity and championing the Malta's position in R&I during negotiations in Council and thus is positioned to provide also a political dimension to ensure effective policy making decision making and exploitation.

Potential contribution to the project: As partner or WP Leader with the aim of creating a Mediterranean Innovation space to encourage the take up of the wealth of talent present in the MED and ensure this is translated into Innovation.

Role in the project:		
<input checked="" type="checkbox"/> Research	<input checked="" type="checkbox"/> Dissemination	<input checked="" type="checkbox"/> Other
<input checked="" type="checkbox"/> Training	<input checked="" type="checkbox"/> Technology Development	
Project idea: MCST has recently set up an Internationalisation Unit within its governance with the aim to spearhead an effective long-lasting networking opportunities for Researchers in the MED. The Unit already runs a number of networking activities and will be happy to contribute its knowledge to a project with the aim of beefing up Research and Innovation in the MED. Since the cessation of MEDSPRIING and MIRA (Former networking CSA for the MED) a vacuum has been created with the lack of networking possibilities. Since MCST was largely present in these projects it can still pick up from where these projects have left and ensure to create a long-standing networking mechanism for the MED.
